“The goal of our program is to help individuals find employment that is aligned with their unique strengths, abilities, priorities and interests.”

*This program is administered by the Governor's office with support from the Texas Workforce Commission.*

# Supported Employment

## Program Overview

The Arc of the Capital Area's Supported Employment Program provides individuals with intellectual or developmental disabilities support to find and maintain competitive, integrated employment. The goal of our program is to help individuals find employment that is aligned with their unique strengths, abilities, priorities and interests.

## Services Available to Employers

1. **Recruiting**— staff work with you to learn about your unique business needs and supply qualified applicants to fill those needs
2. **Disability Awareness Training**—training on disability etiquette and best practices for inclusion of employees with intellectual or developmental disabilities
3. **On-the-Job Training for Employees**—job coaches provide extra support to new employees as they learn their job responsibilities
4. **Ongoing Consulting**—our staff will regularly check in with employers and employees to aid in retention of qualified employees

The Work Opportunity Tax Credit (WOTC) is a Federal tax credit available to employers who hire individuals from eligible target groups with significant barriers to employment. WOTC can reduce an employer's federal income tax liability by as much as \$9,600 per employee hired. Find more information [HERE](#).
